

The Lowell is an amazing piece with a unique silhouette. Elegantly tufted with the perfect pitch; it is sure to be the desired seat in any room. The Lowell Chair and Daybed are available with a steel or wood base.

Villency Pure Design is a unique line of eco-conscious furniture that marries our reputation for meticulous craftsmanship, with state-of-the-art sustainable production processes. Pure Design represents the confluence of European design and production principles, coupled with an American production sensibility. The Villency Pure Design initiative is dedicated to fostering a culture of committed artisanship that is responsible to our workers and the environment. Pure Design is proudly made in America.
