

The elegant shape of Shiloh is stunning from all views. The contrast piping and covers add novelty to the design. Available in many combinations of fabric and leather.

Villency Pure Design is a unique line of eco-conscious furniture that marries our reputation for meticulous craftsmanship, with state-of-the-art sustainable production processes. Pure Design represents the confluence of European design and production principles, coupled with an American production sensibility. The Villency Pure Design initiative is dedicated to fostering a culture of committed artisanship that is responsible to our workers and the environment. Pure Design is proudly made in America.
