Zion is the essence of sophistication. Clean lines and sleek design give the Zion an elevated and fashionable look. Arms and base are available in both wood and steel. Alternative quantities of seat cushions and back cushions are also available.

Villency Pure Design is a unique line of eco-conscious furniture that marries our reputation for meticulous craftsmanship, with state-of-the-art sustainable production processes. Pure Design represents the confluence of European design and production principles, coupled with an American production sensibility. The Villency Pure Design initiative is dedicated to fostering a culture of committed artisanship that is responsible to our workers and the environment. Pure Design is proudly made in America.
